

TEST REPORT

Applicant: Xingtel Xiamen Electronics Co., Ltd.
Xingtel Building, Chuangxin Road,
Torch Hi-Tech Industrial District,
Xiamen, China

Number: HK08020360-1

Date: 9 April, 2008

Sample Description : DECT Phone

Brand name(s) : Xingtel

Model(s) : CL-3333

Electrical rating : Base Unit: Powered by PSTN, input 230VAC 50Hz 45mA,
output 9VDC 300mA adaptor
Handset Unit: Powered by 3 x 1.2V "AAA" size 600mAh Ni-MH
rechargeable battery

Submitted Samples : One (1)

Date Received : 11 February, 2008

Date Test Conducted : 11 February, 2008 to 27 March, 2008

Test Requested : Test for compliance with EN 60950-1 : 2001 + A11 : 2004

Test Method : EN 60950-1 : 2001 + A11 : 2004

Test Result : See the attached sheets.

Conclusion : The submitted samples Complied with the above safety standards. But
the note should be noted.

Prepared and Checked by:

Cheung Kwok Ming, Tommy
Senior Lead Engineer
Intertek Hong Kong

- The test report only allows to be revised within three years from its original issued date unless further standard or the requirement was noticed.
- This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to permit copying or distribution of this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only to the sample tested. This report by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.

TEST REPORT

Note:

Number : HK08020360-1

1. When determining the test conclusion, the Measurement Uncertainty of test has been considered.
2. TABLE: List of critical component

Object/Part No.	Manufacturer/ Trademark	Type/Model	Technical Data
PCB (Tip-ring connected)	Shen Zhen Sun & Lynn Circuits Co. Ltd.	SL-D	V-0 flammability rating and 130 °C maximum operation temperature
PCB (Other)	Shen Zhen Sun & Lynn Circuits Co. Ltd.	---	HB75 or above flammability rating
Plastic Enclosure	Formosa Chemicals & Fibre Corp Plastics Div	AG15A1	ABS, HB75 flammability rating and 50 °C maximum operation temperature
Surge Arrestor	Lien Shun Technical Co. Ltd.	WMR07D221K	Varistor voltage: 220V at 1mA
Isolated Loop Circuit Protector	Centra Science Corp	CSP301M	DC spark-over voltage: 240V-360V
Rechargeable Battery	LEXEL Battery (Shenzhen) Co. Ltd.	LH060-3AH45	AAA size 1.2V 600mAh Ni- MH
Adaptor	Ten Pao Industrial Co., Ltd.	G090030D25	Input 230V 50Hz 45mA Output: 9VDC 300mA 2.7VA

3. According to the standard, instructions and equipment marking related to safety required by the standard should be written in the official language(s) of the country in which the equipment is to be sold. The applicant should ensure that the sample in future production fulfil with the requirements.
 - Installation Manual
 - Battery Caution Marking for Handset Unit (Shown in Appendix)
 - Cautionary Instruction for Power Supply and Battery (Shown in Appendix)
4. Power Plug used in the equipment must be complied with local plug and jack regulation.
5. Telecommunication plug used in the equipment must be complied with local plug and jack connection requirement.
6. The equipment was performed satisfactorily under the TNV-3 level of telecommunication network voltage.

TEST REPORT

APPENDIX:

Number : HK08020360-1

The following information was printed on the label adhered on the sample.

Name Plate Artwork Battery

Cautionary Marking for handset unit

The following information was listed in operation manual.

Use only **the power supply indicated in the User's Manual** - Tenpao brand; model number G0090030D25 power supply.

Cautionary Instruction for power supply

CAUTION
Risk of explosion if battery is replaced by an Incorrect type. Dispose of used batteries according to the instructions.
Use only batteries listed in user instruction - Lexel Battery (Shenzhen) company Ltd., Type number LH060-3AH45; (3X1.2V AAA size/600mAh Ni-MH) rechargeable battery.

Rechargeable battery cautionary instruction
